artopex®
the art and the purpose

Bahia

The art of hospitality is reflected in the Bahia collection of wood chairs and side tables. Bahia combines various materials to achieve both comfort and style.

Armchair or loveseat; downward- or upward-sloping arms, Bahia is the choice for graciously welcoming visitors in an Executive office or reception setting. Also available in a two-seater bench.

Concept: Marie-Claude Rivard, Artopex.

Choice of downward- or upward-sloping arms

The sophistication of the topstitching, the warmth of the wood in exceptional stains and the elegance of the design unite to make Bahia a quality collection that radiates refinement.

The wood stains choices harmonize perfectly with Essentia, Artopex's premier wood furniture collection.

A selection of high and low tables with wood, lacquer, "Soft-Touch" leather or glass surface complete the collection.
