the art and the purpose

A game of geometry

Cubes and cylinders, triangles and circles, rectangles and arcs — the Element collection lets you play with a whimsical assortment of shapes and forms. Turn your creativity loose to design or add to your lounge, break or reception area.

Available in a range of vibrant colours, Element's multipurpose modules make any combination or configuration as easy as child's play.

Design: Suzanne Léger and the Artopex team

Add an even more original touch with the decorative topstitching. Go ahead! Put the "fun" back into "functional" with Element!

Optional Deco or Techno topstitching to match the Air Line collection.
