

ELECTRIC SINGLE FLAT SCREEN LECTERN DESK

LINE-OF-SIGHT GEN 2.0

Perfect for instructors, the Line-of-Sight Lectern Desk converts from a regular lectern into a computer lectern in seconds. Simply press a button at the lectern and watch the flat screen monitor appear automatically, ready for use. Then store away the flat screen inside the lectern or lower it to improve the instructor's sightline, all with the touch of a button.
