hybrid™

ergoCentric®
ergocentric.com

Looks great, is truly ergonomic and proudly made in North America.

The tCentric Hybrid™ is the perfect fusion between aesthetics and the highest ergonomic standards.

The dual curve backrest is designed to hug the user's back for superior lateral support, while also providing excellent lumbar and thoracic support. The use of ergoCentric's patented technology provides infinite back height adjustment capabilities, an essential feature of a quality ergonomic task chair.

The tCentric Hybrid's minimalist design and available ergonomic options, let it transform from a stylish chair that enhances any office setting to a fully ergonomic chair for the most demanding users.
